

Meet Your Backus Federation of Nurses Strike Hardship Committee

Our union has formed a 'Hardship Committee' in order to coordinate donations and assistance for members during the two-day Unfair Labor Practice strike. This committee is tasked with receiving requests for assistance and providing information to all nurses about what resources will be available. In the event that Hartford Healthcare makes the unfortunate decision to punish nurses and "lock-us-out" we will make sure that assistance is available so that no nurses are harmed by their decision.

Angela Leroux, RN Emergency Dept.

"I'm grateful for the opportunity to be able to serve my nursing community in this capacity. Personal finance management is a passion of mine, and I'm looking forward to helping out should the need arise. I was a single mom to four kids under ten during the L&M strike, so I know what it's like to be concerned about making ends meet in uncertain times. Together, we've got this!"

Meagan Muriel, RN Labor and Delivery

"We all joined the nursing profession to help others & sometimes it is us as nurses that needs the help. I am happy to be a part of this amazing committee that is dedicated to making sure that nurses have a place to turn to if a need arises. We are all in this together!"

Gail Passarello, RN OR General Surgery

My name is Gail Passarello and I've been a nurse for 27 years. It's time for us to be respected and paid what we're worth. I'm fighting for a hospital that encourages new nurses to stay and sets them up to succeed. I'm on the hardship committee to make sure that every nurse gets the resources that they need during this strike.
